

CivesSolutions
GOVERNMENT INNOVATION

CivesSolutions

Profile

“Cives is the Latin term for citizens;
Solutions, the state of being solved.

CivesSolutions, More than 15 years of intensive research have formed the basis for the development of the Distributed Citizen Participation (DCP). The basic idea of the model is cooperation. It assumes that complex issues can be addressed more effectively and creatively, the more the population is involved in decision-making and solution-making processes.

CivesSolutions

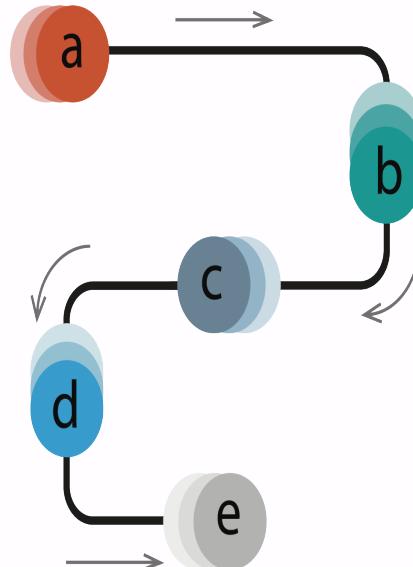

Vision

To form a society capable of generating sustainable and real solutions, which facilitate a greater innovation in the cities and a greater citizen satisfaction in real time

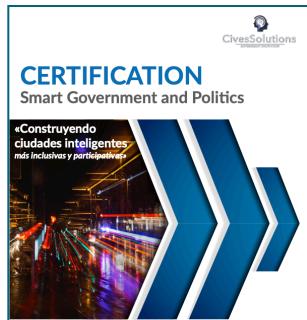

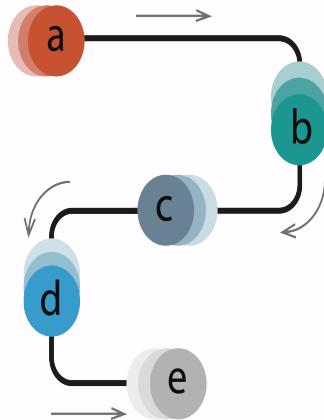

Capabilities brief

- a. Who we are. CivesSolutions is an association located in Vienna, Austria. Its principal members are Dr. Roberto Ramirez Basterrechea, Dr. Arnold Kammel, Economist Victor J. Perez, MA and MBA Peter Behrens. We have over 85 years on combined experience in matters related to the concept of smart city, particularly regarding political affairs, business development, sustainable energy, waste management, cybersecurity and business relationships across Europe, and South America.
- b. What we do: Through senior leadership, and decision makers' engagement across different government and commercial entities in Europe and South America, we lead the development of Smart City concepts, through Certifications focused on Smart City, Cyber Security, Infrastructure, Smart Government, Citizen Focus, Smart Law and others.
- c. Who do we work with: CivesSolutions deals directly with decision making government officials, and executives from medium to large businesses across the Americas and Europe. This allows for immediate consensus, and funding projects related to Smart Cities.

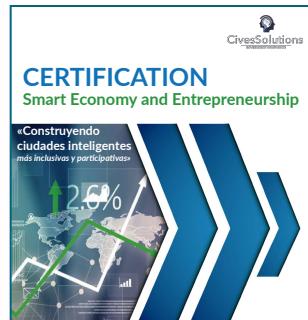

Capabilities brief

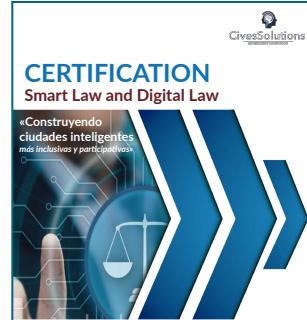

- What we have accomplished: Strong network with decision makers, medium to large companies across EU and the Americas, several certifications, diploma and currently designing a Master programs and Consulting in topics related to Waste to Energy, Cyber Security, Security and defense policy of EU, Public Management.
- List of Organization that we work with: Multilateral Organizations, Universities in Latin-America and Western and Central Europe, private companies in Israel, USA, Europe and Latin-America.
